Re: **Response to CERCLA 104(e) Information Request to Texas Power & Light Company, Inc. regarding F.J. Doyle Salvage Superfund Site (SSID 061D)**

Dear Mr. Eppler:

This letter responds to your CERCLA 104(e) Information Request ("Request") regarding the above-referenced facility dated February 15, 2019, and addressed to Mr. James A. Burke as a Director of Texas Power & Light Company, Inc. By letter dated March 19, 2019, an extension of the deadline for a response was granted until May 22, 2019, by Mr. Ben Banipal, Branch Chief, Technical and Enforcement Branch, Superfund Division, Region 6, U.S. Environmental Protection Agency ("EPA").

Texas Power & Light Company, Inc., was formed in Texas on April 27, 1984, and its principal purpose was to hold its entity name at the Texas Secretary of State. Texas Power & Light Company, Inc., holds no assets and has no operations, and thus would not have documents or information about the above-referenced facility. Despite Texas Power & Light Company, Inc. having no relevant documents, I am providing EPA with narrative responses to each question of the Request in Attachment 1 to this letter.

To the extent you intended to direct your letter to Texas Power & Light Company (without the "Inc."), that entity does not presently exist. In 1984, Texas Power & Light Company merged into Texas Utilities Electric Company. Texas Utilities Electric Company changed its name to TXU Electric Company, which changed its name to TXU US Holdings Company, which changed its name to Energy Future Competitive Holdings Company. That entity was converted into Energy Future Competitive Holdings Company LLC, a former debtor in *In re Energy Future Holdings, Corp.*, et al., No. 14-10979 (Del.). As part of that bankruptcy proceeding, Energy Future Competitive Holdings Company, LLC, was dissolved on March 6, 2018. A copy of the Certificate of Cancellation that was filed with the Secretary of State of the State of Delaware is attached. See Attachment 2.

9820273

We trust that this information is responsive to your inquiry. Should you have further questions, please contact me at the address or phone number above.

Sincerely,

A handwritten signature in black ink, appearing to read "David W. Mitchell". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

David W. Mitchell

- 4. Has any material or equipment owned or used by Respondent ever been sold to, supplied to, or otherwise turned over to FJ Doyle for scrapping, salvage, repair, consignment, resale or any other purpose.**

According to our document search, no.

- 5. Has any material or equipment owned or used by Respondent ever been sent to the Site for scrapping, salvage, repair, consignment, resale, or any other purpose?**

According to our document search, no.

- 6. If your answer to either or both questions is yes, provide a complete list of all such material or equipment, as well as any and all shipments thereof . . . .**

Not applicable.

- 7. List, describe, and provide all documents relating to the information requested above. If any such documents have been destroyed, provide the dates of destruction.**

Vistra data management personnel searched archived document indexes for documents related to the Site, and those searches revealed no relevant documents. Additional searches of paper files and electronic searches of hard drives, shared drives, emails, and cloud-based storage devices also revealed no documents related to the Site.

- 8. Did Respondent ever sell or supply transformers or any other oil-containing equipment to FJ Doyle or otherwise send transformers or any other oil-containing electrical equipment to the Site?**

According to our document search, no.

- 9. Provide legible copies of any and all contracts, invoices, receipts, or other documents describing the transactions that Respondent Implemented with FJ Doyle for each item identified in the question above.**

None located.

- 10. Provide legible copies of any and all contracts, invoices, receipts, or other documents related to the transaction that Respondent implemented with transporters to transport the items in the question above.**

None located.

- 11. Describe how both PCB-contaminated oil and uncontaminated oil were emptied from electrical transformers and capacitors or other electrical equipment and stored at Respondent's facilities.**

Not applicable.

- 12. Identify and describe, and provide all documents that refer or relate to [the Site] . . . .**

None located.

- 13. If any documents solicited in this information request are no longer available, please indicate the reason why they are no longer available.**

Not applicable.

- 14. If you believe there may be any person(s) able to provide a more detailed or complete response to any of the preceding questions and/or sub-questions or any person(s) who may be able to provide additional responsive documents, please identify such person(s) and the additional information you believe they may have.**

Not applicable.
